

A 3D bar chart with various colored bars (red, orange, teal, yellow) of different heights and widths, set against a light teal background. The bars are arranged in a grid-like pattern, with some bars being taller than others. The chart is rendered with black outlines and flat colors, giving it a stylized, geometric appearance.

QUIZ 2 - LINUX

Choose the write command line from the following:

- 1 Move file form folder to another
